L-42 Information Letter 22-1  
Sequence Number 37  
May 19, 2022

***ASTM consensus has not been obtained on this information letter. An appropriate ASTM ballot will be issued in order to achieve such consensus.***

TO: L-42 Surveillance Panel

SUBJECT: Removal of Section 9.9 due to disagreement with Section 11.3

The L-42 Surveillance Panel approved the removal of section 9.9 of the test method at their May 11<sup>th</sup>, 2022 meeting. Section 9.9 contained wording that contradicted section 11.3. The panel decided to keep section 11.3 and remove section 9.9 to eliminate this contradiction.

Matt Sangpeal  
Chairman  
L-42 Surveillance Panel

Frank Farber  
Director  
ASTM Test Monitoring Center
