Ladies/Gentlemen:

The October 2009 updated version of the manual for the Lubricant Test Monitoring System (TMC Memorandum 94-200) is now available on the ASTM Test Monitoring Center web site (<ftp://ftp.astmtmc.cmu.edu/docs/ltms/ltms.pdf>). The current revision includes a correction to the Sequence VID FEI2 hour description, revised 1N test targets, and updated Sequence VG industry fuel batch correction factors.

You will receive a notification the next time the LTMS manual is updated. Please direct any questions to me at (412) 365-1030 or email to fmf@astmtmc.cmu.edu.

Sincerely,

Frank M. Farber
Administrator
