

February 17, 2015

To The Invitees to the ASTM Light Duty Rating Workshop

The 2015 ASTM Light Duty Rating Workshop is scheduled to be held from Tuesday, April 14, 2015, through Thursday, April 16, 2015. As was the case at recent past rating workshops, there will only be one, three-day rating session for 2015. **Participants at this workshop are limited to those responsible for rating tests calibrated under the ASTM Test Monitoring Center's Calibration System. Attendance at this workshop is by invitation only.** The Fall Workshop will be open to all attendees and will have both light duty and heavy duty parts available for rating.

In addition, raters will have the opportunity to participate in the ASTM TMC Rater Personnel Certificate Program as a result of their performance at this workshop. Full details of the Certificate Program are available at the following link:

ftp://ftp.astmtmc.cmu.edu/docs/rater_calibration/CertificateProgramOverview.pdf

The workshop will be held at the Embassy Suites Hotel Northwest, 7750 Briaridge, San Antonio, Texas, 78230. A block of king-bed suites has been set aside for participants. The room rate is \$124.00 per day, plus tax. Rooms at this rate will be held until September 19, 2014. For hotel reservations, please call Ms. Nuvia Castillo at (210) 253-5909 and mention the code “*ASTM Rating Workshop 2015*” to receive the rating workshop room rate.

The non-refundable fee for the workshop session is \$1350.00 for participants (\$1250.00 for participants who wish to forgo the ASTM Certificate Program). ***No Observers will be permitted to register for this workshop.*** Payment for the workshop can be made by credit card during online registration, or by check.

To register for this workshop, visit the TMC website (www.astmtmc.cmu.edu) or follow the direct link, below:

<http://www.astmtmc.cmu.edu/cc/>

If paying by check, first register online for the workshop, select “check” as your form of payment, and mail a check payable to ‘ETMC – Carnegie Mellon University’ to:

ASTM Test Monitoring Center
Attention: Amanda Darcy
6555 Penn Avenue
Pittsburgh, PA 15206

412-365-1022

The deadline for registration and payment is March 27, 2015. Because of the preparation necessary for a participant to access the computer systems used at the workshop, pre-registration is required. *Any registrations submitted after this date will be subject to a \$400 Late Registration Fee, and will be approved on a case-by-case basis. No walk-in registrations will be accommodated under any circumstances.*

The workshop hours will be 8:00 A.M. to 5:00 P.M. each day. Lunch is scheduled for one hour starting at approximately 12:00 noon and is provided. Each workshop participant will be provided with a new, serialized varnish scale and a new, serialized sludge photo scale, but is expected to bring all other necessary rating aids, manuals, calculators, and any other necessary items.

Participants are also **required** to bring a laptop computer, capable of wireless internet access, for rating data entry purposes. Participants without a wireless-accessible laptop computer may find it difficult to complete the required data entry in the time allotted. In addition, be advised that non-Bluetooth[®] wireless computer accessories (wireless keypads, mice, etc.) may be subject to interference and cause data entry errors for you or other participants and should be avoided.

If your particular rating responsibilities require you to have a current workshop certificate, be sure to schedule your travel to allow you to attend **all** the data review sessions to their completion. As such, we highly recommend planning your return trip for Friday to avoid missing any of the final data review session. **Attendance at all data review sessions, to their completion, is mandatory to receive credit for workshop attendance.**

Sincerely,

Tony Barrera
Deposit Rating Project Leader

Michael Kasimirsky
Workshop Coordinator

2015 ASTM Light Duty Rating Workshop Schedule

<u>Date</u>	<u>Time</u>	<u>Activity</u>
Tues 4/14/15	8:00 A.M. - 5:00 P.M.	Introductory remarks; discussion of current rating issues; calibration; rating.
Wed 4/15/15	8:00 A.M. - 5:00 P.M.	Rate and input data; review and discuss results.
Thur 4/16/15	8:00 A.M. - 5:00 P.M.	Rate and input data; review and discuss results.

The rating area will be made available for extended hours (before 8:00 A.M. and after 5:00 P.M.) based upon individual requests.

Times are approximate and depend on data flow.

The final data review on Thursday may run until 5:00 P.M. or later; please make your travel plans accordingly.
